

# Draft Agenda – 1 day Workshop on the IFAD step-by-step Approach to Participatory Mapping

**Tuesday 15<sup>th</sup> July 2008**  
**Casa San Bernardo**

This Workshop is organized under the framework of the "Development of decision tools for participatory mapping in specific livelihoods systems (pastoralists, forest dwellers and Indigenous people)" Project that has been under implementation since October 2006. This will be an opportunity to share knowledge gained through the project with participants and to learn from their experiences with participatory mapping.

## Workshop Objectives:

1. Understand the challenges and mainstream the lessons learnt on participatory mapping;
2. Raise awareness on the potential offered by participatory mapping in supporting implementation of IFAD's projects;
3. Share experiences with other organizations and explore opportunities to collaborate with other initiatives during Phase II of the project;
4. Evaluate and strengthen the proposed IFAD step-by-step approach.
