

NEWS FROM THE AFRICAN REGION OF THE ILC SECRETARIAT

The Guichet Fonciere (local office for issuing land certificates) that ILC has been supporting through HARDI at Miadanandriana in Madagascar is being officially opened this weekend by the Minister of Agriculture. Harold and I visited it on our trip to Madagascar, and while much remains to be done to develop into a service that will truly benefit poor people in the area (some of which will be supported through the SDC funding), it's a momentous occasion for the community, and for HARDI which remains the only NGO taking the lead in developing and supporting a Guichet Fonciere in Madagascar.

Félicitations a nos partenaires au Madagascar,

Nous avons l'honneur de vous informer que le guichet foncier de Miadanandriana sera inauguré le samedi 11 Novembre 2006.

Nous vous prions de trouver en fichier joint la lettre d'invitation.

Nous sommes sincèrement désolés par rapport à la date car elle n'est fixée que cette semaine.

Comptant sur votre présence.

Lala Sahondra RASOAHARISOA
Chargée de programme administratif et financier
de l'ONG HARDI
